ii. Executive Summary

[24 CFR Part 903.7 9 (r)]

At PHA option, provide a brief overview of the information in the Annual Plan

This Section is left blank since it is optional.

1. Summary of Policy or Program Changes for the Upcoming Year

In this section, briefly describe changes in policies or programs discussed in last year's PHA Plan that are not covered in other sections of this Update.

We have made the following changes to our policies and/or programs based on changes in statutes and/or HUD regulations that have occurred in the past year. HUD mandated all of these.

- Updated our Section 8 Administrative Plan to include a code of ethics
- Updated our Section 8 Administrative Plan to include current HUD Welfare Assistance language and definition
- Updated our Admissions and Continued Occupancy Policy to include current **HUD** Welfare Assistance language and definition
- Implementation of Community Service Requirements:

The Housing Authority has suspended enforcement of the 8-hour community service requirement. The Housing Authority will not enforce this provision of our Admissions and Continued Occupancy Policy so long as Congress provides for the option to not enforce it. In taking this action, we still want to encourage our public housing residents to both participate in their community and enhance their self sufficiency skills in a truly voluntary manner.

All affected residents have been notified of the suspension of the requirements.

	t of Consistency with the Consolidated Plan ble Consolidated Plan, make the following statement (copy questions as many times as necessary).					
	red Plan jurisdiction: (State of New York)					
	2. The PHA has taken the following steps to ensure consistency of this PHA Plan with the Consolidated Plan for the jurisdiction: (select all that apply)					
	The PHA has based its statement of needs of families in the jurisdiction on the needs expressed in the Consolidated Plan/s. The PHA has participated in any consultation process organized and offered by the Consolidated Plan agency in the development of the Consolidated Plan. The PHA has consulted with the Consolidated Plan agency during the development of this PHA Plan.					

- Activities to be undertaken by the PHA in the coming year are consistent with specific initiatives contained in the Consolidated Plan. (list such initiatives below)
 - The Housing Authority will continue to provide a drug free workplace.
 - 3 The Housing Authority will continue to maintain and renovate its public housing units.
 - ③ The Housing Authority will continue to provide accessible housing in the public housing program to persons with disabilities.
 - ③ The Housing Authority will continue to market its public housing and Section 8 program to make families and individuals aware of the availability of decent, safe, sanitary and affordable housing in the City of Rensselaer.
 - ③ The Housing Authority will continue to apply its limited resources to the effective and efficient management and operation of public housing and Section 8 programs.
- Other: (list below)
- The Housing Authority Admission and Continued Occupancy Policy (ACOP) requirements are established and designed to:
 - (1) Provide improved living conditions for very low and low-income families while maintaining their rent payments at an affordable level.
 - (2) To operate a socially and financially sound public housing agency that is violence and drug-free, decent, safe and sanitary housing with a suitable living environment for residents and their families.
 - (3) To avoid concentrations of economically and socially deprived families in any of our public housing developments.
 - (4) Deny the admission of applicants, or the continued occupancy of residents, whose habits and practices reasonably may be expected to adversely affect the health, safety, comfort or welfare of other residents or the physical environment of the neighborhood, or create a danger to our employees.
 - (5) To attempt to house a tenant body in each development that is composed of families with a broad range of incomes and rent-paying abilities that is representative of the range of incomes of low income families in our jurisdiction.

- (6) To ensure compliance with Title VI of the Civil Rights Act of 1964 and all other applicable Federal fair housing laws and regulations so that the admissions and continued occupancy are conducted without regard to race, color, religion, creed, sex, national origin, handicap or familial status.
- We have similar principles for our Section 8 program:
 - (1) To provide decent, safe and sanitary housing for very low income families while maintaining their rent payments at an affordable level.
 - (2) To ensure that all units meet Housing Quality Standards and families pay fair and reasonable rents.
 - (3) To promote fair housing and the opportunity for very low-income families of all ethnic backgrounds to experience freedom of housing choice.
 - (4) To promote a housing program which maintains quality service and integrity while providing an incentive to private property owners to rent to very low-income families.
 - (5) To attain and maintain a high level of standards and professionalism in our day to day management of all program components.
 - (6) To administer an efficient, high-performing agency through continuous improvement of the Housing Authority support systems and commitment to our employees and their development.

Our agency is part of the entire effort undertaken by the City of Rensselaer and the State of New York to address our jurisdiction's affordable housing needs. While we cannot ourselves meet the entire need identified in the Consolidated Plan, in accordance with our goals and objectives included in this Plan, we will try to address some of the identified need by using appropriate resources to maintain and preserve our existing stock. When appropriate and feasible, we will apply for additional grants and loans from federal, state and local sources, including private sources to enhance the affordable housing available in our community. We intend to continue working with our local partners to try and meet these identified needs.

This year we expect to continue to utilize the funds we receive for our existing programs to house people. We will be focusing on management improvements, modernization and increasing the number of owners willing to participate in our Section 8 program. Priorities and guidelines for programs often change from year to year and our decisions to

pursue certain opportunities and resources may change over the coming year if there are program changes beyond our control.

3.	PHA Requests for support from the Consolidated Plan Agency					
	Yes No: Does the PHA request financial or other support from the State or local					
	government agency in order to meet the needs of its public housing residents of					
	inventory? If yes, please list the 5 most important requests below:					

4. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

The New York State Consolidated Plan establishes three strategic objectives that are of equal importance and form the basis of New York State's strategy:

1. Preserve and increase the supply of decent, safe and affordable housing available to all low and moderate income households, and help identify and develop available resources to assist in the development of housing.

The need analysis describes a shortage of affordable housing units in New York State. By increasing the number of decent and affordable housing units, New York State will be addressing each of the housing problems: overcrowding, substandard units, and cost burden. The State plan includes the increase of the supply of decent and affordable housing by assisting in the financing of new construction, substantial rehabilitation, and conversion of previously nonresidential properties. While not specifically targeting funds in the Consolidated Plan for such programs, New York State believes it has a vested interest in the federal government's commitment to continue to provide resources for the operations, maintenance and preservation of Section 8 and public housing. The Consolidate Plan states: "The preservation of this irreplaceable low-income housing asset should remain a federal priority. Specifically, the federal government should maintain its commitment to rental assistance, preservation of housing eligible for mortgage prepayment and funding for operations, repairs, maintenance and modernization of public housing."

2. Improve the ability of low and moderate income New Yorkers to access rental and home-ownership opportunities.

Cost burden is identified as the most widespread of all the various housing problems by New Yorkers. Cost burden disproportionately affects New Yorkers with low and moderate incomes. Renters make up the substantial majority of households with cost burden.

The Consolidate Plan includes the provision of rental assistance where possible and also to providing home-ownership opportunities to low-income and minority households. State housing agencies are encouraged to apply for Section 8 program funding.

The Consolidated Plan notes that there are insufficient Federal and State capital subsidies to increase the supply of affordable housing to address the problems of all those with cost burdens.

Additional strategies include making mortgages available with below market interest rates to first-time home buyers and providing rehabilitation assistance to low-income homeowners.

3. Address the shelter, housing, and service needs of the homeless poor and others with special needs.

The Consolidated Plan reflects that the demand for housing and supportive assistance for the homeless far exceeds the supply; particularly, the frail elderly, disabled, and other segments of the

Population requiring supportive living arrangements or services.

Among the programs to be utilized, are the various Section 8 programs.

The Consolidated Plan addresses Public Housing Resident Initiatives. The Plan states that "the State of New York does not directly own or administer Federal public housing. Therefore the requirements of this section of the Consolidated Plan do not apply to the State of New York."

"The State does have a State public housing program as noted in the Needs Assessment. Tenant participation in the management of housing authorities is not only encouraged in this State, but mandated in New York's Public Housing Law, which provides that authorities having a population under one million be composed of up to seven members, including two tenants elected by public housing residents. The underlying philosophy has been to ensure that tenants' needs and concerns are effectively communicated to the governing body of the authority and, when necessary, to DHCR, as the supervising State agency."

The use of the term "low and moderate income households" includes all households at or below 80 percent of median income. Extremely low-income households are included in this category which has been identified in the needs analysis as having the highest magnitude of housing problems.

The New York State Objectives respond to the purposes of the National Affordable Housing Act that are:

- 1. to help families not owning a home to safe for a down payment for the purchase of a home;
- 2. to retain wherever feasible as housing affordable to low-income families those dwelling units produced for such purposes with Federal assistance;
- 3. to extend and strengthen partnerships among all levels of government and the private sector, including for-profit and non-profit organizations, in the production and operation of housing affordable to low-income and moderate-income families:
- 4. to expand and improve Federal rental assistance for very low-income families;
- 5. to increase the supply of supportive housing, which combines structural features and services needed to enable persons with special needs to live with dignity and independence.

In summary, the New York State Consolidated Plan strategies are consistent with and support the goals and objectives of the Housing Authority of the City of Rensselaer.

C. Criteria for Substantial Deviation and Significant Amendments

1. Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

A. Substantial Deviation from the 5-year Plan:

A substantial deviation from the 5-year Plan occurs when the Board of Commissioners decides that it wants to change the mission statement, goals or objectives of the 5-year plan.

B. Significant Amendment or Modification to the Annual Plan:

Significant amendments or modifications to the Annual Plan are defined as discretionary changes in the plans or policies of the housing authority that fundamentally change the plans of the agency and which require formal approval of the Board of Commissioners.

Component 3, (6) Deconcentration and Income Mixing

a. X Yes No:	Does the PHA have any general occupancy (family) public housing developments covered by the deconcentration rule? If no, this section is complete. If yes, continue to the next question.
b. X Yes No:	Do any of these covered developments have average incomes above or below 85% to 115% of the average incomes of all such developments? If no, this section is complete.

If yes, list these developments as follows:

Deconcentration Policy for Covered Developments						
Development Name:	Number of Units	Explanation (if any) [see step 4 at §903.2(c)(1)((iv)]	Deconcentration policy (if no explanation) [see step 5 at §903.2(c)(1)(v)]			
NY033-2	60 units	See Below	See Below			

The Housing Authority of the City of Rensselaer has two public housing developments.

NY033-2 contains 60 units and is the most recently constructed development. This development has an average income at 118% of the average incomes of both developments. This development was within the range at the last analysis. Resident incomes have increased substantially due to the current number of working families and families at the Flat Rent rate. There is little turnover at this development.

Expires: 03/31/2002

It should be noted that both public housing developments are significantly below 30% the area median income. Under current HUD guidelines, the Housing Authority is exempt from the deconcentration requirements.

The following is an extract from our adopted Admissions and Continued Occupancy Policy.

10.4 DECONCENTRATION POLICY

It is the Rensselaer Housing Authority's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

The Rensselaer Housing Authority will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.

10.5 Deconcentration Incentives

The Rensselaer Housing Authority may offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentration goals of a particular development.

Various incentives may be used at different times, or under different conditions, but will always be provided in a consistent and nondiscriminatory manner.

10.6 Offer of a Unit

When the Rensselaer Housing Authority discovers that a unit will become available, we will contact the first family on the waiting list who has the highest priority for this type of unit or development and whose income category would help to meet the deconcentration goal and/or the income targeting goal.

The Rensselaer Housing Authority will contact the family first by telephone to make the unit offer. If the family cannot be reached by telephone, the family will be notified of a unit offer via first class mail. The family will be given five (5) business days from the

date the letter was mailed to contact the Rensselaer Housing Authority regarding the offer.

The family will be offered the opportunity to view the unit. After the opportunity to view the unit, the family will have two (2) business days to accept or reject the unit. This verbal offer and the family's decision must be documented in the tenant file. If the family rejects the offer of the unit, the Rensselaer Housing Authority will send the family a letter documenting the offer and the rejection.

10.7 Rejection of Unit

If in making the offer to the family the Rensselaer Housing Authority skipped over other families on the waiting list in order to meet their deconcentration goal or offered the family any other deconcentration incentive and the family rejects the unit, the family will not lose their place on the waiting list and will not be otherwise penalized.

If the Rensselaer Housing Authority did not skip over other families on the waiting list to reach this family, did not offer any other deconcentration incentive, and the family rejects the unit without good cause, the family will forfeit their application's date and time. The family will keep their preferences, but the date and time of application will be changed to the date and time the unit was rejected.

If the family rejects with good cause any unit offered, they will not lose their place on the waiting list. Good cause includes reasons related to health, proximity to work, school, and childcare (for those working or going to school). The family will be offered the right to an informal review of the decision to alter their application status.
